AMENDMENT

This Amendment is submitted in response to a non-final first office action in the above case dated August 17, 2010 (“Office Action”) in which the Examiner rejected claims as indefinite (35 U.S.C. §112, par. 2), directed to non-statutory subject matter (35 U.S.C. §101) and anticipated (35 U.S.C. §102) by cited art. On November 5, 2010, the attorney for Applicants and the Examiner held a phone interview discussing amendments to the claims and patentability arguments. Applicants amend the claims to overcome these rejections and cancel claims 10, 23, and 37. Applicants submit that all pending claims 1-9, 11-22, 24-36, 38, and 39 are patentable over the cited art and in condition for allowance for the reasons discussed herein.

Amendments to the Claims are reflected in the listing of claims which begins on page 2.

Amendments to the drawings begin on page 15 of this paper and include an attached replacement sheet.

Remarks/Arguments begin on page 16.
